# General Information

**ARRIVAL** All sheep must arrive in the market before 9.00 am on the sale day.

**IDENTIFICATION** All sheep must have been identified with their individual BCSS identification in accordance with current BCSS rules. All sheep must also have a tag with their UK holding number.

**INSPECTION** All sheep will be inspected by the Society's Official Inspector before being allowed forward for sale. All sheep must have been paint branded with their lot number prior to arrival in the market.

**BIOSECURITY** Intending purchasers are requested to have livestock vehicles cleansed and disinfected. Please be aware of current regulations at time of sale.

**LICENCES** Vendors are responsible for obtaining their movement licences prior to the sale. The Market Holding Number is 48 832 0024

**MAEDI VISNA** All vendors must ensure that a fully completed MV certificate accompanies their sheep to the sale.

**METHOD OF SALE** All sheep will be sold in guineas.

**CONDITIONS OF SALE** All sheep will be sold subject to the Conditions of Sale of the British Charollais Sheep Society and to the Auctioneer's General Conditions of Sale, which are available in the Auctioneer's office.

**SCANNING RESULTS** All ewes will have been scanned and the results are either printed in the catalogue or will be available on sale day. This in no way guarantees the number of lambs at birth. If any female sheep which is described in the catalogue or at the time of sale as being "scanned in lamb" or in lamb proves not to have been in lamb at the time of sale and within 7 days after the day of sale the Purchaser gives written notice to the auctioneers of his intention to return the animal supported by a veterinary surgeon's certificate that such sheep has proved not to have been in lamb then the purchaser may return such sheep to the vendor. Ewe lambs are sold as empty

**PEDIGREE CERTIFICATES & SCRAPIE GENOTYPE CERTIFICATE** Pedigree Certificates will be available at the Auction Mart Office on the day of the sale, together with Scrapie Genotype Certificates. All sheep in the sale are Full Pedigree Registered.

**SCRAPIE GENOTYPE RESULTS** The Scrapie Genotype results listed in this catalogue are guaranteed to be correct by the person whose name appears as the Vendor in the catalogue. Whilst the Society will make all possible effort to provide purchasers with the correct information, neither they nor the auctioneers can in any way be held responsible for any error or omission of information.

# INDEX TO CONSIGNORS

EBV	A brief explanation
Eight Week Weight	The breeding potential for lamb growth rates from birth to 8 weeks of age.
Scan Weight	Choosing animals with high figures for this trait will increase mature size.
Muscle depth	Choosing animals with high muscle depth EBVs will increase lamb muscularity and hence the lean meat content of the carcase.
Fat Depth	Negative values indicate animals with lower fat content which will produce leaner carcases or which can be taken to higher weights without becoming over-fat.
Gigot	Breeding value highlighting animals with superior breeding potential for gigot shape (EBV only produced for breeds involved in CT scanning).
Index	Highlights superior breeding stock for a specific breeding objective.

# HALFPENNY FLOCK

The Halfpenny flock offers a consignment of commercially run shearlings and 2 two shears, bred for tight skins and natural fleshing, concentrating on producing commercial tups sold mainly at Kelso, Carlisle and at home. The flock has had success in the Charollais Society Flock Competitions, 5 times Yorkshire Champions and Champion Northern Area 2013, winning the Yorkshire Small Flock 2017.

## **Reference to ewe sires:**

**Silton Radar** - a fleshy tight skinned tup, shown successfully untrimmed as a lamb

**Boyo Looney Tunes** (11XHE00105) - big powerful tup, out of Tullyear Irish Coffee shown successfully by Dave Roberts

**Halfpenny Kaiser** (1YUU0025) - Great Yorkshire Show Breed & Terminal Sire Champion 2013, long & powerful tup

**Springfield Inxs** (0ZGB8007) - Great Yorkshire Show Breed & Terminal Sire Champion 2011, a well fleshed tup

**Elmwick Alien** (0DQ0085) - purchased 2003 he has produced a major stamp across the whole of the flock, and we are still using his semen.

All ewes are Toxovax & Enzovax vaccinated and in the Heptovac system, they have all been given a trace element bolus pre tupping

# FOULRICE FLOCK CELEBRATION SALE

In 1982 we established the Foulrice flock with five ewes and a ram purchased from John Barber of Wymondham .... from there we were determined to make it a success. 36 years later we have a flock of approximately 500 pedigree Charollais ewes, a lot of experience under our belts, and many, many friends made all over the UK and Ireland. We have recorded from the outset and were delighted to receive this year the “Decade or Progress” Award for genetic improvement in the Charollais breed; and felt it was an opportune time for a celebration sale, as we have some tremendous gimmers coming into the flock with all you could wish for in skin, shape, and performance. The gimmers have some of the best maternal EBVs in the breed.

These are ewes which will produce some good pedigree rams but always, in line with our purpose, will consistently produce sound commercial rams which find a ready market. In recent years our most influential ram, used across most of the flock, has been **Dalby Mount Aloe**. He was not a show ram himself but one who produced many show winners, putting superior growth rate and shape into his progeny. He has daughters in the sale and also appears in the pedigree of many more. A couple of his notable sons are **Foulrice Nuria** sold to Edward Buckley for 5,600gns and more recently Foulrice Rachamin sold to Jonathan and Janet Corbett for 4,700gns. **Lowereye Neils Favourite** a ram with exceptional gigots and muscling has daughters in the sale. Only one daughter of **Rhaedr Nock**, our multi award winning stock ram, but a good number of daughters from his son **Foulrice Prelude** are included. Nock a big upstanding hard fleshed ram who always produced tight skins passed this on to Prelude whose performance surpassed his sire. **Cym Dunrig Nelson** purchased for his tight skin and fleshing and his Inglis Chalky heritage has daughters in the sale which follow his high growth rates and muscling ability.

Our most recent senior stock ram **Foulrice Osprey** (pictured as male champion at Great Yorkshire show) is a son of Dalby Mount Aloe. He is producing both rams and gimmers of tremendous shape coupled with growth and muscling. Gimmers in

the sale by Foulrice Osprey include our star of the show season Foulrice Stellar 17DG07660 - most recently Champion Charollais and Interbreed at Kilnsey show - an outstanding example of his breeding.

### **Service Sires**

Our two service sires pictured for you to see.

Firstly **Dalby Sherman** (pictured right) purchased at Worcester Premier 2017 for 5,100gns. A ram correct in every way, feet, teeth, legs, good clean head with white hair cover, excellent skin and natural fleshing abilities. There is show potential in his ewe lambs forward in the sale as well as producing some of the top recorded lambs in the breed.

Secondly **Sheldon Supreme** (pictured below) purchased at Bulith I 2017.

He is a grandson of Foulrice Osprey combined with Eastbach Laser genetics. His looks speak for themselves with great length, top from shoulder to rump coupled with a tremendous depth of gigot. Only March born lambs on the ground but they are exhibiting all his excellent attributes.

All females offered for sale are ARR/ARR and served by ARR/ARR rams. All are on Heptavac P+ system and have been vaccinated with SBV vaccine.
