*** Order is subject to change on the day.**

INTRODUCTION

Welcome to the sixth “Females with Figures” sale. With all the uncertainty about Brexit and the lack of forage on many farms this past winter we wondered what the future would hold for breeding sales this year. We still don't know but we are certain that good quality breeding stock will always be needed.

Last year's sale had sheep to suit everyone's pocket selling for 250gns up to 3,100gns and again this year we will have a great selection of sheep from Rainbow, Brettles, Dudston and Boyo flocks

The Females with Figures sale is a useful alternative to the “in lamb” sales in the autumn since it enables purchasers to select ewes to ***put to a tup of their choosing and to lamb at a time of year that suits their farm.***

The sale date in June was chosen to give purchasers enough time to plan their breeding programmes and sponge ewes ready to AI or tup in early July and lamb around the 1st December.

All the sheep for sale are from flocks that record with Signet. All have their Estimated Breeding Values (EBV) displayed in the catalogue with their Pedigree information to enable you to make a selection based on all the factors which are important for your flock. Basic information on EBVs and the Benchmark Charollais data is shown overleaf.

Weight records and scanning information are valuable additional tools when selecting breeding stock. They don't replace your own judgement in looking at an animal but they provide measurements that your eyes don't see. The overall EBVs for each trait give comparisons between different sheep based on their own performance and that of their breeding relations regardless of how well they have been fed or prepared for sale.

This year the index has been rebased and also the relationship between age, weight and eye muscle has been altered in calculating the overall index. We are all trying to understand the implications and effects of the changes and if you compare the figures with last year's catalogue you will see they are much lower. If you need any explanation we will be happy to discuss anything with you before or at the Sale.

If you wish to purchase ewes for export please contact us to discuss arrangements as the procedures for different countries can vary and we will try to accommodate whatever is required either before or after the sale.

Our auctioneer is Clive Roads of McCartneys who will answer any questions you have. His phone number is 01905 769770.

Andrew Walton and Mark Rushbrooke

Signet Performance Recording

New Charollais Benchmark for 2019

The new Charollais benchmark can be seen below, which incorporates the new changes and the additional Maternal Index. Please note the figures have been re-based so are lower than in previous years.

	Bottom 5%	Bottom 10%	Bottom 25%	Avg	Top 25%	Top 10%	Top 5%

General Information

The Sale will commence at 12 noon. The sale is held under the auspices of the British Charollais Sheep Society and all sheep will be sold subject to the Rules and Conditions of the Society. Copies are available from the Society or Auctioneers and will be displayed at the sale. All sheep will be sold in guineas (105 pence) and strictly in catalogue order. All sheep to be sold singly.

ALL FEMALES offered for sale are warranted not to be in lamb. Should the situation arise that a ewe proves to have been in-lamb at the time of the sale, then If within fourteen weeks after the day of sale a female sheep warranted not in lamb as aforesaid proves to be in lamb and within sixteen weeks after the day of sale the purchaser gives to the auctioneers written notice supported by a certificate signed by a veterinary surgeon such female sheep has been proved to have been in lamb then if the sheep lambs naturally at a date which proves it to have been in lamb at the date of sale either the purchaser may return the sheep and her lamb if any to the Vendor or at the sole option of the Purchaser the Vendor shall pay to the Purchaser as and for ascertained and agreed liquidation damages to cover all expenses depreciation in value and other damages whatsoever a sum equal to 25% of the purchase price of the sheep.

All sheep will have been subject to **INSPECTION** by an official Society Inspector.

The sheep are from **MAEDI VISNA ACCREDITED FLOCKS** registered with the SAC Sheep & Goat Health Scheme.

PEDIGREE CERTIFICATES will be available at the Auction Mart Office on the day of the sale, together with Scrapie Genotype Certificates. All sheep in the sale are Full Pedigree Registered.

Would prospective **PURCHASERS** please have their CPH Number ready to supply to the auctioneer at the time of payment. No movement license will be issued without this information.

THE SCRAPIE GENOTYPE results listed in this catalogue are guaranteed to be correct by the person whose name appears as the Vendor in the catalogue. Whilst the Society will make all possible effort to provide purchasers with the correct information, they can in no way be held responsible for any error or omission of information.

The breeding information, comments and photographs for sheep in this catalogue have been supplied by the vendors. While every effort has been made, the Society cannot be held responsible for any inaccuracies or omissions.

Website: www.brettlesfarm.co.uk

We have entered 10 shearlings again this year, 1 by Inverae Oisian, 3 by Rainbow “Road to Utopia”, 3 by Dalby Rumpole, 2 by Wernfawr Shogun and 1 by Loanhead Ringleader. We have also chosen 4 ewe lambs. 1 by Rainbow “Road to Utopia”, 2 by Dalby Triple Threat and 1 by Brettles Patriot.

Our flock consists of 90 ewes and we have aimed to improve the quality by buying rams that combine correctness with good growth and muscle figures. We have been recording with Signet for over 20 years and believe that in order to improve you must measure and record but never be a slave to the figures.

Every year we take some of our best ram lambs for CT scanning so that we can select the best for breeding and also be sure that the rams we are using are producing as well as their figures would suggest.

All the ewes and rams in our flock are ARR/ARR genotype and all our sale yearlings and lambs have been genotyped for purchasers peace of mind.

Sires of this years consignment

Inverae Oisian A Parkgate Neptune son purchased at the Worcester sale in 2014 from Jeffrey Parkhouse.

Growth EBV 5.36 Muscle Depth EBV 0.29 Gigot EBV 0.26 T.S.Index 235

Brettles Patriot An impressive son of Loanhead Odds On out of a Brettles Karlin daughter. Also the sire of Brettles Ricardo used extensively in the Lowrye and Rainbow flocks .

Growth EBV 4.93 Muscle Depth EBV -0.36 Gigot EBV1.36 T.S.Index 221

Rainbow “Road to Utopia” Has been an outstanding ram for the Brettles flock including siring Brettles Sherman sold for 7,000gns at Worcester in 2017. *(see picture opposite)* Very high Growth EBV and excellent Gigot EBV, his lambs have scanned very well at CT scanning. Growth EBV 8.79 Muscle Depth EBV -0.57 Gigot EBV 2.97 T.S.Index 268

Dalby Rumpole. A powerful son of Micklehills Odyssey out of a Golden Promise daughter. Growth EBV 4.30 Muscle Depth EBV 2.24 Gigot EBV -1.71 T.S.Index 205

Dalby Triple Threat. *(pictured right)* Classy high index ram purchased at the Premier last year when his full brother sold to 5,800gns. Very pleased with his offspring including the two ewe lambs offered for sale this year. Growth EBV 7.33 Muscle Depth EBV 1.44 Gigot EBV 2.24 T.S.Index 316

Dalby Triple Threat

Wernfawr Shogun. Purchased at the Premier in 2017 he has thrown some powerful lambs with good eye muscle depth. His sire is Shamrock Northern Star out of Wernfawr Nijinsky’s mother. Growth EBV 3.92 Muscle Depth EBV 1.34 Gigot EBV 0.05 T.S.Index 192

Twitter@MeatyAndrew - Facebook: Rainbow Charollais

All figures are based on the May Signet data run which has been re-based to a 2010 rather than relating to animal in 1990 – and not before time!

The biggest change within the new analysis is that carcass traits move from being age adjusted to weight adjusted. This means the updated EBVs will be a better prediction of carcass composition (muscling/fatness) at a fixed weight. As lambs are selected for slaughter based on a combination of weight and finish, rather than age, this will give a more commercial focus to carcass EBVs.

These new weightings are a vindication of our breeding policy to deliver market requirements for muscling. The use of CT scanning has added value to our flock and with new CT related EBVs we look forward to using these to further improve the flock in the future.

Our involvement with the RamCompare project both through using sires within our cross bred flock and supplying rams onto the trial farms some of these genetics are on sale today.

Our own “bolt-on” project to RamCompare, “ChazCompare” in conjunction with Jamie & Sue Wild at Redhill Charollais is a commercial progeny trial across 280 mule ewes has 500 lambs on the ground and early indications are the Rainbow rams Serendipity and Statistician deliver the goods!

All sheep offered for sale today have been on a forage-based diet throughout the winter and the ewes with lambs at foot are grass fed only. These females have the potential to produce stock rams and will add genetic value to your flock.

Health Information

We are MV accredited and although not tested, all sheep are ARR/ARR and should any scrapie monitored flocks purchase we will contribute £10 per animal for a blood test to be collected.

All sheep have been vaccinated during March/April/May with Footvax, Toxovax,ENZOVAX, and Campyvax as we are strong believers in prevention is better than cure.

All sheep are in the Heptavac P+ system and were wormed with Cydectin during May.

Sire Information

18DG08105 - Foulrice Tempest - hard fleshed ram, who has an impressive crop of February lambs.

15DQ01125 - Elmwick Pembroke - multi interbreed winner who has a Muscle depth EBV in Top 3%

18XPU03255 - Rainbow Tokyo - out of Passion and Prides mum - Muscle depth EBV in Top 4%

18XPU03245 - Rainbow Titanium - out of Santana's mum - Muscle depth EBV Top 10%

We are pleased to be asked to join the Females with Figures sale again. We have a small flock of good quality sheep, which we endeavour to improve each year with careful selection. We have chosen 5 females out of our best breeding ewes for this sale.

Sire Information

15YBZ00211 - Dudston Percy - *(pictured below)* A powerful homebred ram with a good skin

16XXJ00308 - Knockin Rum-Lad - Purchased at the Premier Sale from Abbie Moseley, Knockin flock, he is a big ram with length and gigot.

16ZVY02621 - Lowerye Rioja - From Neil Oughton's flock, he sired the highest gigot muscularity for a ram lamb in 2018

All sheep are ARR/ARR

We are pleased to be asked once again to join the Female with Figures sale! Last year we sold the very special 17XHE00255 to Lawrence Buckland for the top price of 3,100gns of any Charollais female sold at public auction in 2018. A proud moment for the Boyo flock.

Two shows were attended last year, Shropshire and the Royal Three Counties, which resulted in 2 breed champions, 1 interbreed champion, 1 interbreed pairs champion and 2 interbreed groups of 3 champions.

This year we offer a selection of top class ewes and some lovely gimmers including, what I feel are, genuine potential flush ewes and show sheep for next year, all of which are backed up by strong pedigrees which hopefully will breed you something special.

Please feel free to contact me or visit the flock pre sale to see them in their home environment.

We would like to thank the organisers of this sale for allowing us to have our reduction sale here. We have forward every sound ewe from 2017 and older. The ewes are exactly what we are about - meat, skins and power.

We would also like to wish the purchasers the best of luck with them and hope you enjoy working with them as much as we have.

Glyn Coch Mr T (12XCA00257)
