Introduction

A warm welcome is extended to everyone to join us for our 23rd female sale. This has certainly been a strange year with shows cancelled, sales re-arranged and all the disruption throughout the year.

It was great to see such a large crowd last year and we would like to thank you all for making it such a success. I am sure the sheep on offer will again be of the highest quality.

If you are unable to make it to the sale, we would recommend prior viewing and phone bids will be accepted. Please contact the market or Greg Christopher on 07770 972815

General Information

The Sale will commence at 12 noon. The sale is held under the auspices of the British Charollais Sheep Society and all sheep will be sold subject to the Rules and Conditions of the Society. Copies are available from the Society or Auctioneers and will be displayed at the sale. All sheep will be sold in guineas (105 pence) and strictly in catalogue order. All sheep to be sold singly.

HEALTH The sheep are from Maedi Visna Accredited flocks registered with the SAC Sheep & Goat Health Scheme. All flocks are scrapie monitored or tested ARR/ARR

SCANNING RESULTS All ewes will have been scanned and the results are printed in the catalogue. This in no way guarantees the number of lambs at birth. If any female sheep which is described in the catalogue or at the time of sale as being “scanned in lamb” or in lamb proves not to have been in lamb at the time of sale and within 7 days after the day of sale the Purchaser gives written notice to the auctioneers of his intention to return the animal supported by a veterinary surgeon’s certificate that such sheep has proved not to have been in lamb then the purchaser may return such sheep to the vendor.

PEDIGREE CERTIFICATES & SCRAPIE GENOTYPE CERTIFICATES Pedigree Certificates will be available at the Auction Mart Office on the day of the sale, together with Scrapie Genotype Certificates. All sheep in the sale are Full Pedigree Registered.

BIO-SECURITY Current DEFRA regulations are to be observed.

PURCHASERS Would prospective purchasers please have their CPH Number ready to supply to the auctioneer at the time of payment. No movement license will be issued without this information.

SCRAPIE GENOTYPE The Scrapie Genotype results listed in this catalogue are guaranteed to be correct by the person whose name appears as the Vendor in the catalogue. Whilst the Society will make all possible effort to provide purchasers with the correct information, they can in no way be held responsible for any error or omission of information.

The breeding information, comments and photographs of sheep in this catalogue have been supplied by the vendors. While every effort has been made, the Society cannot be held responsible for any inaccuracies or omissions.

Thank you for the support at last year's sale. We are very pleased to hear so many good reports of sheep going on well for their new owners. It has been a very difficult year for everyone and hopefully shows and sales will be back to normal next year.

ELMWICK SERVICE SIRES USED IN 2020

ELMWICK TOMMIE (18DQ01877) - ARR/ARR.

Homebred son of Rhaeadr Popeye. He is a very correct ram with an exceptional tight skin & a deep muscled back end with a good strong ram head. Tommie did well in the show ring last year, having 4 outings he picked up 1 Interbreed, 2 Reserve Interbreeds, 1 Interbreed group of 3 & an Interbreed pairs with Elmwick Somerset. He was used lightly last season, but with very pleasing results. All ewe lambs have been retained for the flock & all ram lambs were sold to pedigree breeders.

18DQ01877 - Elmwick Tommie

ELMWICK VICON (20DQ02350) - ARR/ARR - Index 276

A son of Wychelms Under The Radar. Vicon is an eye catching ram with character, width & plenty of style. He has a good deep gigot & extremely tight wool, he stands well on all four legs (*picture next page*)

Genotyping will be available on the day of the sale, but all rams used are Group 1. All ewes will be re-scanned prior to the sale.

20DQ02350 - Elmwick Vicon

We are Scrapie monitored, MV Accredited, FABBL registered and Signet Recorded. All ewes have been vaccinated with Toxovax & Enzovax. Scanned in-lamb to their AI date of 17th July or service date, then ran with Elmwick Vicon

It is always pleasing to see sheep that you have sold do well for their new owners. Last year David and Paul Curran sold their Castellau ewe, which was a sister to One in a Million, who was top price at Worcester in 2014 at 4,300gns. She was the top price senior ewe at 1,200gns and her ewe lamb sold for 1,300gns.

All the ewes come from ARR/ARR families, so I have not genotyped. All have been vaccinated with Enzovax and the yearlings have had Toxovax. The flock is MV accredited and scrapie monitored.

Service Sire used in 2019

CASTELLAU VA VA VOOM (20TZ03068) - ARR/ARR - Va Va Voom has been the stand out lamb from very early on. His sire, Knockin Shockin was sold for the breed record price of 25,000gns. His dam Rihanna, was 4th prize yearling at the Royal Welsh 2017. He is a brother to U Beauty, who was sold for 2,200gns and is now 5th highest stock sire with an Index of 360.

I did not record this year, but am confident he would be up there with U Beauty as he was 5kg heavier at 8 weeks. Va Va Voom is possibly one of the best lambs I have bred and has been used extensively throughout the flock. All the ewes in the sale are in lamb to him and were AI'd on 16th July.

Visitors and enquiries prior to the sale are welcome

Another year has flown and I would like to thank the purchasers who supported our sale last year. We are pleased with the favourable reports. I was particularly pleased to see that females I have sold over the past few years resulted in rams being sold at this year's Worcester Premier sale for Glyncoch, Bronwydd, Sant Andras, Ffrwd and Jim Neil's Runningburn flock. This is testimony to the quality of females that we sell at this sale. Our success depends on them doing well at their new homes.

Our females are fed concentrates as lambs until grass growth in their first spring and receive no further concentrates until 4 weeks before the sale. Over their first winter they go out on tack and this system allows them to grow good natural frames and develops their hardiness going forward.

Once again I thank previous purchasers for their support and would highly recommend this year's offering.

ARBRYN SERVICE SIRES

ARBRYN TONTO (18WRF00573) - This homebred Ram (*pictured below*) has been a revelation with the quality of his progeny. The lambs are seriously heavily muscled with tremendous hind leg width. He was 1st prize shearling at Royal Welsh in 2019. His dam (still in the flock at 9) is a huge daughter of Glyncoch JPR out of a Wardshill ewe that stood 2nd

at the Royal Welsh and Champion at Pembs County in 2014. She was a great breeder producing many stock tups and her outstanding daughter Arbryn One & Only was Champion at the Royal Welsh in 2016.

Last year I stated that I had great hopes for this tup & he has delivered. His lambs sold well at Worcester but unseen yet is the ram lamb Arbryn Viper that we sold privately to Logie Durno and Loanhead. His photo is featured on the back cover and he exhibits exceptional quality and is one of the best we have bred. We have been inundated with semen request home and abroad but this will not be released until next year. Get a head start with in-lamb ewes at this sale.

SKYEFALL VIRGIL VAN DIJK (20VDK02543) - I am reluctant to buy anything to do with Liverpool FC but I had to purchase this tup despite his name for his scale and great mobility. When we got him home and put him on the scales he weighed a massive 110kg but still showed great

correctness on parade. His father was Hollylodge Supreme and that ram comes from a flock that I have long admired for the quality of tups they sell in Dungannon. On the female side he features from a well established family at Logie Durno that has bred well for Stuart Ramsey.

Genotyping will be available on sale day, but all sires used are Group 1. Arbryn ewes will be re-scanned 2 days prior to sale and results declared.

The ARBRYN flock is MV Accredited, Scrapie Monitored & Signet Recorded.

Colin and Ros are very pleased to have once again been invited to offer for sale twelve quality shearling ewes and would like to thank previous purchasers for their support.

The Gwyndy flock is MV accredited and has been Scrapie Monitored since 2004. all ewes have been vaccinated with Enzovax, and are in the Heptavac P system.

Service Sires

BOYO VANCOUVER - (20XHE00620) - Purchased privately from David Roberts' Boyo flock (*pictured below*) this January born lamb is a very stylish tight skinned and well fleshed son of the 22,000gns Ffrwd Top Notch .

WERNFAWR VINNIE - (20XEVO1627) - Purchased at the Worcester Premier for 3,200gns this son of Bronwydd Tomahawk is a smart very correct and powerful lamb.

We are very pleased to be invited as guest consigners to what has to be one of the best quality female sales.

We have forward four of the best females we have released from our flock. Four of these are sired by Oakchurch Tyson who is breeding exactly what we are about, structurally sound, powerful sheep with good hair cover, tight skins and full of meat.

All five were AI'd on the 8th of July and all (we believe) held to first service. Four of these were AI'd to our new stock ram Lowerye Vladimir which has an index of 371, is tight skinned, correct, muscled with a cocky ear and Neil kept a full brother for his own use. So should be some very exciting lambs.

We are delighted to be invited as a vendor once again for this production sale at Hereford market.

This has been a very challenging year for everybody. That said, we probably took our strongest pen to date to the Worcester Premier sale. It proved to be a real highlight for the flock, selling three ram lambs all sired by Ffrwd U Belter, who's breeding features strongly in our entry today, to average £1995. Including Bronwydd Vinnie Jones for 2,000gns to the Gawsworth flock.

The flock was started in 2007 and has used a ruthless selection process to strive to constantly improve the quality of stock ewes within it. We always purchase the best rams we could afford, as well as utilising purchased semen from successful bloodlines to use within the flock.

One bloodline I feel I should mention is that of 14WAJ00325; she has been an outstanding breeding ewe producing a ram lamb for Worcester Premier sale every year. This year was no exception with Bronwydd VaVaVoom (*pictured below right*) selling at 1,900gns. We have three of her daughters in the sale, including two of our very best ewe lambs, providing breeders with possibly the only opportunity to buy females out of this ewe. But, she is back in lamb to twins this year at nearly seven years old!

The ewes are run on a largely commercial system with the ewe lambs grazed off farm all summer and then being out-wintered on grass alone. The ewes forward are from some of the strongest families within the flock and we have every confidence they will go on to perform well for any potential purchaser.

Sires used within the flock

FFRWD U BELTER (19YET01870) - Purchased privately last year from Dewi Evans' flock. He is sired by Edstaston Sotogrande out of a ewe purchased at the Wedderburn dispersal for 1,600gns. He has proved to be an outstanding breeding ram, with his first three sons sold at auction to average £1995 as well as others sold privately. We have retained many of his daughters and hope to see the stamp he has left on the flock for many years. Three ewes in-lamb to this ram and two daughters entered for sale.

**Bronwydd Vinnie Jones - sold for 2,000gns
at Worcester 2020**

All ewes were AI'd on the 25th of July and are scanned in-lamb for this date.

It has been a strange year for us all with no shows to catch up with friends to some of the larger sales cancelled. With such uncertainty we were pleased with our Worcester Premier sale, the highlight was selling Wernfawr Vinnie for 3,200gns to Colin Bowen for his Gwyndy Flock.

We would like to take this opportunity to thank everyone again who supported our production sale last year. The top price on the day was a shearling ewe selling at 3,800gns to James Danforth for his Lodgehill flock. The highest price ewe lamb sold for 1,900gns to Jim Neil for his Runningburn Flock, out of the same dam as Wernfawr Vinnie.

Following the sale the aim is still to continue to run just a small flock of Charollais,. With all December born ewe lambs sold at the sale last year we only have ewe lambs on offer at this year's sale. We only kept 12 ewe lambs back this year and in order to control numbers we will be including 9 of these in the sale. These ewe lambs are from the best bloodlines in the flock and some will have show potential.

All ewe lambs are in the Heptavac P system, were shorn on 30th April and will be Scrapie Genotyped prior to the sale.
