Introduction

Welcome to the 20th annual joint production sale of in-lamb ewes and ewe lambs that represent the cream of the UK Charollais genetics, all with the potential to breed you record breaking Charollais sheep.

This year has not been an easy year by any stretch of the imagination and we have all had to adapt to find new ways of selling our sheep but the firm and steady sometimes buoyant commercial trade must surely put some confidence into the market place.

We say goodbye this year to one of Saucy's founder members Mr. Percy Tait and wish Will and Jan the very best of luck when they disperse the flock that they and Percy built up so diligently under the Knighton prefix over the years.

We welcome Hannah Sloan, Rigghead, James Danforth, Lodgehill, Ben & Amelia Watts, Willow and Gethin Davies, Moelfryn to the sale and wish them every success.

All ewes forward will be scanned in Worcester Market by an independent scanner prior to being sold and will have undergone an inspection for confirmation of health, soundness of teeth, feet and udders.

Transport to Ireland has been arranged to help potential purchasers from both the North and South.

The sale will be live streamed and each one of us would welcome the viewing of the sheep on farm by prior arrangement and facilities can be made for telephone bids should you be unable to attend the sale in person.

Our auctioneer Clive Roads is contactable on 01905 769770, home 01531 650693 or mobile 07702 722910 for help and advice.

Now turn the page to unscramble the rest of the Saucy vendors.

New Charollais Benchmark for 2020

Rebasing – EBVs and indexes have been rebased and are expressed relative to the average animal in 2010.

Weight Adjusted Traits – Please note that all traits marked * are now weight adjusted. This means that EBVs are a better prediction of carcass composition at a fixed weight. Example A ram with a muscle depth EBV of +2mm is estimated to produce lambs with loin depths 1mm deeper at a fixed weight than a ram with an EBV of 0.

General Information

The Sale will commence at 12.00 noon.

The sale is held under the auspices of the British Charollais Sheep Society and all sheep will be sold subject to the Rules and Conditions of the Society. Copies are available from the Society or Auctioneers and will be displayed at the sale.

All sheep will be sold in guineas (105 pence) and strictly in catalogue order. All sheep to be sold singly.

LICENSES Vendors are responsible for completing their Standard Movement Documents prior to the sale. The Market Holding Number is **17 521 8000-01**

HEALTH The sheep are from Maedi Visna Accredited flocks registered with the SAC Sheep & Goat Health Scheme. All flocks have Scrapie Monitored Status or are tested ARR/ARR genotype.

SCANNING RESULTS All ewes will be scanned with results available on the day of the sale or printed in the catalogue. This in no way guarantees the number of lambs at birth.

If any female sheep which is described in the catalogue or at the time of sale as being “scanned in lamb” or “in lamb” proves not to have been in lamb at the time of sale and within 7 days after the day of sale the Purchaser gives written notice to the auctioneers of his intention to return the animal supported by a veterinary surgeon’s certificate that such sheep has proved not to have been in lamb then the purchaser may return such sheep to the vendor. Ewe lambs are sold as empty.

PEDIGREE CERTIFICATES & SCRAPE GENOTYPE CERTIFICATES Pedigree Certificates will be available at the Auction Mart Office on the day of the sale together with certificates of Scrapie Genotype for all sheep that have been tested.

BIO-SECURITY Current DEFRA regulations are to be observed.

The breeding information, comments and photographs for sheep in this catalogue have been supplied by the vendors. While every effort has been made, the Society cannot be held responsible for any inaccuracies or omissions.

This years Saucy Sale offering of 5 high index ewe lambs represent the very best of our genetics at Edstaston. They have both looks to go forward in the show ring and performance figures to produce the goods in the commercial sector. These lambs are reared on a predominantly forage based diet and have had no hard food since grass growth started in early Spring.

Edstaston genetics are very much to the fore of the Charollais breeding in the UK and beyond. It is of great testament to the flock that such a large percentage of this year's Premier Sale catalogue featured Edstaston breeding.

Despite there being no shows this year we have been very busy on the marketing front with rams sold to Thomas Darling (Crunklaw), Mark and Margie Rushbrooke (Brettles), James Danforth (Lodgehill), William Doherty (Southern Ireland), David Jerman (Gwernau) and Riccardo Delle Fratte in Italy. Live sheep have also been exported to Southern Ireland, Spain, Italy, Russia and Germany adding to our portfolio that previously included Romania, Switzerland, Belgium and Holland. Embryos are currently being born in Mexico and will soon be in Italy and semen has also been exported to Canada, Dominican Republic, New Zealand, Ireland and Mexico.

Despite Covid restrictions we have had a very successful season selling off farm and we would like to wish all purchasers the best of luck with their new acquisitions.

A great opportunity to buy into Edstaston genetics which I am sure will thrive under a variety of management systems.

EDSTASTON RAMS:

KNOCKIN SHOCKIN : 17XXJ00376 - ARR/ARR - INDEX 345

Purchased for the record price of 25,000 gns. Shockin needs no introduction having produced progeny that have excelled in both sale and show rings. He now has sons that are producing the goods with several grandsons realising four figures at sales. Coupled with this is the performance data with Shockin's Terminal Sire Index currently being 345 which places him comfortably in the top 1% for the breed.

KNOCKIN SHOCKIN : 17XXJ00376

HILLSIDE TENNYSON : 18VBK00237 - ARR/ARR - INDEX 202

Purchased at Dungannon 2018 for 2600 gns from the Hillside flock of Alistaire Moore. Tennyson was bought for his style, skin and confirmation while very correct on his legs and feet. It is very pleasing to see his lambs are fulfilling all of these traits.

I am very delighted to be invited to Saucy and to be able to offer three gimmer lambs from my strongest families within the flock, these being the first females to be sold from the Lodgehill flock.

Main Success:

- Interbreed Champion at Otley Show 2019 & Interbreed Champion at Masham Sheep Fair 2019 both with Lodgehill Shakira 17WWJ00085 (Edstaston Rockin Robin daughter) (*Pictured below*)

- Lodgehill Valentino 20WWJ00156 (Rainbow Lindisfarne son out of Lodgehill Shakira) sold privately to Robert and Jeanette Gregory Edstaston Flock - Lodgehill Vernie 20WWJ00160 (Rainbow Lindisfarne son) sold privately to Cyril Dougherty and daughters Shamrock Flock

My Breeding aim at Lodgehill is stylish heads, with great length and width throughout; complimented with great depth of muscle in loin and gigots, tight skins, walking on good legs and feet and must be able to do what a sheep should do - rearing lambs and have a "wow" factor.

I have made some key purchases, to make up some of my foundation families, from Edstaston, Knockin, Wernfawr, Artnagullion and Foulrice flocks, The main one being Wernfawr Tina Turner purchased for 3,800 gns.

Edstaston Rockin Robin - 16TG00561 (*pictured right*) is the sire of Lot 57 and sire of the dam of Lot 58 . He has a great depth of pedigree and true breed characteristics. Rockin Robin breeds tremendous progeny with great length and width, tight skins, stylish heads and the daughters are very milky!

Notable progeny are **Lodgehill Shakira** mentioned previously. His first son **Carnew Vagabond** sold to the Jonathan and Carroll Barber of Crogham Flock for 1,250gns at Worcester Premier sale 2020

Rainbow Lindisfarne is renowned for his consistent progeny with great carcasses, tight skins and good legs and feet, having bred tremendously well in the past for the famous Edstaston and Knockin flocks, with particular successes at shows and sales with Edstaston Madison and Knockin Pucker up!

They have been outside from the 10th January, even in harsh weather! On the Heptavac P System, mineral drenched and Dectamax before the sale.

Edstaston Rockin Robin - 16TG00561

I am very confident these gimmers will go on and progress in any Flock/system as they have been reared naturally and not been pushed, having only received concentrates three weeks prior to sale

I am very pleased to be invited back to sell at Saucy and to be able to offer 10 in lamb yearling ewes. All stock are in the HepVacP system. With reports from last year's satisfied customers I am confident these females will go on, grow and produce well for their purchasers! They all have depth of breeding, and some of the best bloodlines in the flock.

7 of my females are Oakchurch Ruben daughters, the other 3 are in lamb to him... they all have great skins and shape!

STOCK RAMS:

Oakchurch Ruben: 16WKW00152-ARR/ARR - INDEX 299

I purchased Ruben (*pictured left*) at Worcester Premier 2016 for 3,200gns, and what a purchase he was!! He is the Sire of Knockin Shockin' who sold for the record price of 25,000gns in 2017, and his full brother Knockin Ultrashock who topped last year's Premier sale at 12,000gns. Not forgetting Knockin Tickle My Fancy who was Reserve Champion at

Premier 2018 selling for 5,000gns, and Knockin Shop was sold for 6,000gns in 2017 to Northern Ireland and has done a fantastic job for William McAllister and Ian Craig. Ruben really is something special, producing consistent lambs with cracking heads, loin and back end! Just what I loved about Him. His daughters are doing really well; they are great milky mothers that keep their condition naturally.

Loanhead Titan: 18WNC22678- ARR/ARR - INDEX 283

(pictured bottom left) Purchased from Worcester Premier 2018 for 2,400gns. An eye catching lamb with great growth and power, this lamb caught my eye on photographs from a young age and I couldn't get past him at the sale, when he handled just as good as he looked! His sire Hollylodge Supreme was also the sire of the sale champion who sold for 9,500gns. He has grown into a huge ram and his first crop of daughters are looking promising!

SERVICE SIRE:

Knockin Ultimatum - 19XXJ00679 ARR/ARR INDEX 297

Ultimatum has a fantastic strong real Rams head that I couldn't part with, not as pink as Undercover, so he should work well with Ruben, I have some very stylish March lambs born by him.

**Knockin Undercover Brother - 19XXJ00695
ARR/ARR INDEX 233** *(pictured left)*

Undercover Brother caught my eye from a very young age, with fantastic presence, skin and carcase, he was always the stylish standout lamb and I made the decision to keep and use after on farm scanning. He is a son of Hollylodge Supreme who produced last year's premier sale overall champion ram selling for 9,500gns.

Knockin Pocket Rocket: 15XXJ00209 - ARR/ARR - INDEX 294

A real meat machine!! *(pictured bottom right)* A Homebred son of Rainbow Lindisfarne, who has been a very influential Ram for my flock producing consistently stylish females with tight skins and backend! And not forgetting Ram lambs selling to 4,400gns. Pocket Rocket was my choice of sons to retain purely for his excellent gigot, skin and natural fleshing! His daughters are by far my best shaped ewes!

Founded in 1987, the Wolston flock has always put great importance on quality, correctness and ease of management. The flock has been Signet recorded for over 20 years. During 2019 and 2020 we exported rams and shearlings to Russia.

The sheep for sale this year have generations of successful breeding in their pedigrees, and with reports from very satisfied customers at previous sales, we are confident that this year's selection will give full satisfaction to all prospective buyers.

SERVICE RAM

Dalby Umbug - 19PE07814 - INDEX 305

Purchased privately from Dalby, Umbug is a son of Edstaston Tulloch out of a Dalby Ranieri ewe that traces back to the outstanding brood ewe Hyacinth who sold for 4,000gns and bred many high priced and show winning progeny for Loanhead. Very sound type, extreme length and super fleshing combined with a top 5% index make Umbug a very exciting prospect.

We are delighted to be invited to the Saucy Sale this year and are pleased to offer five top quality yearling ewes. These females carry some of the best bloodlines we have in the flock and we are confident that they will continue to do well for their new owners.

2019 was a great year selling Rigghead Untouchable for 4,600gns. (Pictured left)

SERVICE RAMS

Edstaston Urban Warrior - purchased at last year's Premier Sale for 2,700gns, a ram with good length and power and a skin to go with it.

Loanhead Rembrandt - purchased at Worcester in 2016 (Pictured right) for his size and gigot. He was 1st and Reserve Male Champion at the Royal Highland 2019, 1st Ayr Show 2019 and 1st and Reserve Champion Dumfries Show 2019. He is continuing to breed well within the flock.

Springhill Viking - (Pictured top net page Purchased privately from Graham Foster this year. He is sired by last year's Worcester Champion Logie Durno Untouchable and his dam is a great breeding Rhaeadr ewe that has bred ewe lambs to 1,900gns.

WILLOW FLOCK - WKM

Ben & Amelia Watts

Willow Tree Cottage, Rew Road, Ashburton, Devon TQ13 7EJ

Tel: 07796 260016 Email: ameliawatts85@gmail.com

We are delighted to have been invited to sell females at the 2020 Saucy Sale. We are pleased to be able to offer two shearling ewes and four ewe lambs including some exciting embryo daughters from some of our top performing ewes.

The Willow Flock was founded in 2010 by Ben after purchasing some ewes from the Churchill Flock and a number of in-lamb ewes from the Saucy Sale and the Trevadlock flock dispersal of JTG & EG Sleep that year.

10 years on (and after meeting Amelia at that first purchase of ewes; getting married and one child later) the focus is very much on producing naturally hard fleshing sheep.

STOCK RAMS:

Oakchurch Smuggler:

17WKW00343 - (Pictured right)
purchased at Worcester Premier Sale 2017 and what an impact he has had on our flock! He is a ram who continues to prove himself and his progeny are consistent, having excellent legs and hard

fleshing. His first ram lambs sold at Worcester Premier Sale averaged just over £1,300.

Artnagullion Ubolt: 19ZGQ03963 - (Pictured right) purchased at 2019 Worcester Premier Sale. He has a tremendous topline and gigot and was 1st prize in the January born class. His Sire is the well admired Knockin Shop.

SERVICE SIRE:

Willow Vulcan: 20WKM01537 - An ET son of 13WKM00505, retained for his power, gigot and topline. He has always stood out from the crowd! His Dam was Breed Champion 2015 and Female Champion 2016 at Royal Cornwall Show. He has been used on over 70% of the flock this year.

We are pleased to offer 6 top quality yearling ewes and 4 ewe lambs that have show potential. These females carry some of the best bloodlines we have in the flock and we are confident that they will continue to do well for their new owners.

Progeny sold at last year's sale have excelled with the highlight being the success of Justin and Tom Evans selling a ram lamb for 2,000gns at Worcester premier sale this out of a purchased ewe.

All shearlings have been out wintered till mid March and have only had concentrates during the last three weeks before the sale

Arbryn One & Only

All are on the Heptavac program and have been vaccinated for Enzovax and Toxovax. We are Scrapie Monitored and only use ARR/ARR rams in the flock.

SERVICE SIRES

Having bred Charollais for over 20 years I am confident to say that we have kept two ram lambs this year that are probably the best rams we have ever used in the breed

Glyncoch Vagabond - 20XCA01522

This ram has serious width and power. Since the day he was born I knew he was one to look out for. His dam is Arbryn One & Only (*pictured above*) who was Champion at the Royal Welsh 2016 and his sire Bronwydd Tomahawk has bred very well this year.

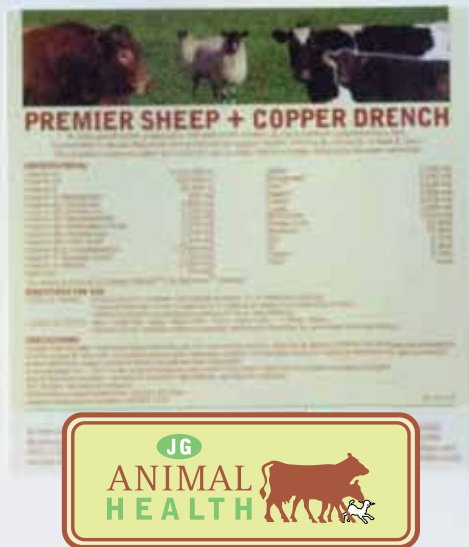

Glyncoch Volcano 20XCA01542

This lamb is a full brother to Glyncoch Usain Bolt sold at Worcester Premier 2019 sale for 7,000gns. This lamb has everything I would be looking for in a Charollais ram. A half share has been sold to Paul Curran as he thinks he is better than anything he has ever bred!!

A strange year, no shows, less sales and an incredibly buoyant sheep industry. Whatever market place you use, quality is still at a premium and will be in demand. At Dalby we continue to strive for improvement each year, believing that by making progress in the looks, performance and pedigrees of our sheep we will have a more resilient business in the future. By focusing on the production of fast growing, easily fleshed sheep that can be managed commercially we know our genetics will be in demand both in this country and abroad. In this most difficult of years it has been most pleasing to have interest from our fellow breeders, and even more pleasing to have sold stock rams to the Ffrwd, Greenvale, Janos, Wolston and Redhill flocks, who we wish well with their purchases.

The 5 yearlings for this year's sale are right from the heart of our breeding programme from some of our most consistent and successful lines, by our top stock rams and in lamb to widely proven rams.

They are all on the Heptavac P+ system and have been vaccinated against Enzootic, Toxoplasmosis and Camphylla bacta abortion. They have been wormed regularly, treated with Click extra and were given an animax bolus prior to tupping.

We look forward to seeing you on the 3rd.

Charles and Helen

SERVICE SIRE

Dalby Ranieri - 16PE04907

Undoubtedly, the best ram we have produced at Dalby (so far) combining show winning looks and top 5% performance all in one package. He has consistently sired high priced and successful males and stylish easily fleshed females that are now breeding incredibly well.

Edstaston Tulloch - 18TG00737

A well grown and powerful lamb when we purchased him, he has grown on to be the biggest and strongest ram we have ever used. The visitors to our farm continue to be impressed with his physical attributes and ability to pass that on to his progeny. Last year we sold two ram lambs to average 2,200gns at the Premier Sale and this year we have sold 3 ram lambs to average 2,650gns from home. Equally as important is Tulloch's ability to sire powerful well fleshed shearling rams, we think this year's bunch being our best ever. If proof were needed, we were delighted to be awarded the Champion Pen at the NSA Eastern Region early ram sale at Rugby and sold for the top average of the day.

Dalby Super Trooper - 17PE05884

Originally sold for 3,500gns at the Premier Sale to the Hyde flock, Super Trooper has done a brilliant job in several flocks. Seeing the quality of his progeny and with an index in the top 1% we decided to use some semen this year. By the 3,100gns Foulrice Regis out of our best yearling of that year he has fulfilled our expectations from the potential of his pedigree.

Foulrice Regis - 16DG06349

Purchased for 3,100gns at the Premier Sale, Regis was originally selected for his performance figures, exceptional skin and clean fleshing. All of which he has passed on to his progeny. Again used for AI this year to provide different breeding and positive fat depth.

I am delighted to be invited back to sell at the Saucy Sale this year.

Following last year's very successful sale, the 4 yearling ewes offered for sale this year are again, top quality daughters of **Edstaston Sotogrande** and out of the best family lines in the flock.

This year's service sire, **DALBY VEAINU - 20PG08783**, was purchased privately from Charles Sercombe. A tremendous ram with style and presence. He is a strong lamb with excellent width and bone quality and exceptional hind quarters with really tight skin. He also happens to be a top 1% lamb with an index of 350.

They have been vaccinated with Enzovax and are on the HeptavacP+ system.

Dam of Moelfryn Tip Top

I am delighted to have been invited to join the Saucy Sale this year. We have three shearlings to offer from our best bloodlines in the flock.

2018 was a great year for us winning Overall Champion in Builth II with Moelfryn Tip-Top, his full brother was also 3rd in the same class. We also had a great day in Welshpool female sale having Overall Champion with one of our shearling ewes and our pen of 6 sold to average 700gns.

We have a special ewe for the sale which is a half-sister to Tip-Top, she is the only female we have from this line and in our eyes, she is a cracker!

The ewes are in-lamb to **Wernfawr Unexpected** purchased in Builth II 2019 he was 1st prize in the January lamb class. He is a big powerful ram with big gigots and length!

Wernfawr Unexpected

Moelfryn Tip Top

All three are ARR/ARR and have been toxovaxed, enzovaxed and on the Heptavac P+ system.
