INTRODUCTION

It is hard to believe that this will be the 9th Female with Figures Sale but hopefully back to normal after the difficulties of 2020 and 2021.

Over the past 8 years a lot of new breeders have bought foundation sheep at the sale and gone on to develop and grow their own flocks as well as many high index sheep being purchased by existing recording and non-recording members.

The aim is to offer correct sheep that have not been fed for the show ring but will produce lambs that will grow faster with more muscle.

This year as well as sheep from the Rainbow and Brettles flocks we have sheep from Chris Crowther's Dudston Flock, Grant Pink's Bicton Flock, Mitchel Britten and Elizabeth Barber's Cavick Flock, Matthew Bevan's Berry Flock and Glynn Williams Padest Flock so there will be wide choice of different breeding lines.

We have always advised potential purchasers that figures are not everything that matters. They are an additional tool to provide more information than the eye can see. You should always buy a sheep that appeals to you visually and has the conformation that you want but visual appeal and conformation can be significantly improved by skilful feeding and preparation. Estimated Breeding Values (EBVs) can help you to see through their different feeding and preparation regimes.

With the ewes purchased at this sale breeders can choose the tup they want to use to serve them, they can integrate them with their own ewes so they have plenty of time before lambing to become part of the flock and they can choose their tupping date so that it fits in with the rest of their flock and suits their farm. It can be a lot less stressful for sheep and purchaser than buying an in lamb ewe.

We hope you will enjoy looking at these sheep and find some you would like to add to your flock. If you have any questions please contact us or Clive Roads or James Amphlett at McCartneys.

We have selected 10 strong Shearling ewes and 4 ewe lambs with potential for this years sale. All have Terminal Sire Indexes above the breed average and all except one have Maternal Indexes above the average. Since all our ewes and rams are ARR/ARR genotype these entries will also be ARR/ARR although they have not been tested.

The sires are Brettles Tintin, Dalby Triple Threat, Dalby Rumpole and Edstaston Vancouver and their details and indexes are set out below.

We have been breeding Charollais sheep for 35 years and currently tup about 70 ewes to lamb in December. The tups are then used on our commercial Lleyen ewes to produce lambs in March which gives us a good check on the quality of the cross bred lambs they produce. Those lambs are sold from mid June and practically all finished off grass only before the end of September.

We have included 3 Top 10% ewe lambs including one 22WF04096 with a 390 TSI index and a top 5% Maternal Index as well. She is the third highest index in the breed and out of a ewe who has reared her lambs exceptionally well.

Health Information

MV Accredited. Heptavac P+ vaccinated. Toxovax vaccinated (shearling ewes). JG mineral supplement.

Edstaston Vancouver

20TG00955

High Index son of Knockin Shockin out of a Rainbow Santana ewe who is producing some long, stylish, fast growing lambs.

TS Index 304 Top 10% pictures left

Dalby Triple Threat 18PE06851

Purchased at the Premier Sale in 2018 when his full brother Tuilagi sold to 5,800 guineas.

TS Index 277 Maternal Index 240 both top 25%

Brettles Tintin 18WF02810 (Picture)

Son of Rainbow Road to Utopia who is producing some very shapely sheep for us. His CT scanning lean meat yield EBV is in the top 5% and his Gigot EBV of 4.04 is off the scale compared to the top 5% level of 2.85. TS Index 258 Maternal Index 257 (Top 10%) Picture right

A small but quality offering from the Rainbow flock this year. These are stock ewes that have produced well and consistently for us throughout their time within the flock and still have a few more crops left in them!

Our forage-based system means the ewes must milk from grass and cover crops and these lambs have an average growth rate of 405 g per day!

Health Information

We are MV accredited and although not tested all sheep are ARR/ARR and should any scrapie monitored flocks purchase we will contribute £5 per animal for a blood test to be collected.

All sheep have been vaccinated during March/April/May with Footvax, Toxovax, Enzovax, and Campyvax as we are strong believers in prevention is better than cure.

All sheep are in the Heptavac P+ system and were wormed during May.

Sire of Lambs – Rainbow Wasabi 21XPU0444

Our highest index son of Hundalee Volcano purchased jointly with Redhill and Lowerye Flocks for £2750 in 2020. As a stock ram Wasabi is ranked 8th overall with an overall index of 364 and is within the Top 5% for muscle depth EBV. His lambs both pedigree and cross bred have exceptional confirmation and great skins.

We are pleased to be asked to join the female with figures sale. Our flock produces good quality sheep selling out each year with a solid customer base with a good home trade for pedigree and commercial sheep. The shearlings we have forward are by Knockin Umptious who was sired by Oakchurch Ruben who also sired Knockin Shockin the high priced ram sold by Abbie Moseley. The other ram used was our own Dudston Percy who has improved the flock greatly with his power and tight skin. We have introduced some new breeding into the flock and we have some ewe lambs forward by Bicton Victor 20VAA00644 who has produced some good sheep and has a high index. We also have used Mortimer Ullyses 19HH056918 from Geoff Probert who again is producing some good sheep for us.

We are pleased to be invited to this years females with figures sale. We have entered 13 females. Photo of ewes are on our facebook page Cavick Charollais. These ewes carry some of the best bloodlines we have in our flock and we are confident they will be a great addition for their new owners. They are all on the Heptavac P+ system and have been vaccinated against Enzootic and Toxoplasmosis. One to look out for is 21WVW01211 full sister to Cavick What A Boy!. A special ewe in our eyes. 2021 was a great year selling Cavick What A Boy! for 15,000gns (Cavick What A Boy!)

STOCK RAMS

Loanhead Vanquish (pictured above)

Purchased privately from Loanhead. What a stamp this ram has put on our flock. A correct meat machine that consistently produces smart fleshy sheep with tremendous gigots. His progeny have gone on to sell for 15,000gns for Cavick What A Boy, 2800gns Cavick What About That and 2400gns for Cavick Watermelon Sugar. (picture above)

Wernfawr Va Va Voom (pictured above)

Purchased from Worcester premier sale in 2020. A hard fleshing ram with strong legs. He is continuing to breed well within the flock, producing some flashy females.

We would like to thank Andrew and Mark for allowing us to sell shearling ewes at this sale. Retirement is on the horizon, so we have made the decision to disperse the flock over the next few years and sell the entire crop of shearling ewes at various sales and privately this year.

The Flock was established in 2003 from ARR/ARR ewes purchase from Elmwick, Woolston and Castellau Flocks. All rams purchased have been ARR/ARR. The shearlings have not been tested but should be ARR/ARR

Ten of the shearling ewes are in the top 25% or above in the Signet recording scheme.

At the Wales and Border early NSA ram sale 2021, the Padest flock had the highest average price of £638 for 10 ram lambs sold.

HEALTH INFORMATION

MV accredited. Signet recorded. Vaccinated with Toxovax, Enzovax and Footvax. In the Heptavac P System. Fluke and wormed.

SIRE INFORMATION

We are glad to have been asked to join the Females with Figures sale this year. We have put forward 4 females out of our best breeding ewes for this sale, consisting of 2 two-year-old and 2 Shearling ewes. We have been very selective over the years and ended up with 15 very strong breeding ewes, consistently breeding good quality, good skinned sheep, with many purchasers coming back to us year after year. This is the first time we are selling any females in a society sale, since establishing the flock.

Health Information

MV accredited, Scrapie tested, Signet recorded. Ewes are Vaccinated with Heptavac P Plus and are on the Footvax scheme.

The females we are selling are by:

Artnagullion Tonka (18ZGQ03548) is sired by Knockin Shop (17XXJ00377) and was purchased in the Premier Sale in 2019. He is a strong, powerful ram with a big backend and is the reigning Champion stock ram in the Welsh Region. He has certainly put his stamp on our flock with some meaty, stylish female lambs coming through which we have retained. (picture above)

Castellau Vierra (20TZ03037) is sired by Knockin Shockin (17XXJ00376) and was purchased in the Premier Sale in 2020. He is a very correct, stylish Ram with a current index of 302. Vierra has gone on to produce some of our best quality lambs, which we have sold privately and retained into our flock. (picture above)

This is some Gimmer to start!! Full ET sister to the 15,000gns Cavick What A Boy! She has the pedigree and style to match. A Proper meat machine with a leg in each corner like her brother and I'm sure she will go on to breed well. The Dam 00380 is the most consistent breeder we have, she is a correct Loanhead Midas Touch daughter, and this breeding would be an asset to any flock. Definitely one not to be missed!!

Good tight skin and seriously hard fleshing, this line is for the meat lovers. The dams breeding goes back to a Kingsland ewe brought at their dispersal for 1100gns. The dam's sire Logie Durno Navigator was a ram that we used heavily for his skins and length. The gimmer is in the top 5% for total spine length and Top 25% for scan weight.

A real compact gimmer with great gigots, sire Wernfawr Va Va Voom has clicked well with Loanhead Midas Touch daughters and this shearling I'm sure will go on to breed. Midas Touch was the top priced ram at Worcester that year for 7,800gns and even now we still see his presence coming through in the breeding.

A strong shearling to finish, natural twin sister is being retained this year of only 10 gimmers shortlisted so that would tell you we think a lot of this breeding. The dam's sire Rhaeadr Orlando needs no introduction and has bred so many top females within our flock.
