CONDITIONS OF SALE - All sheep will be sold subject to the Conditions of Sale of the British Charollais Sheep Society and to the Auctioneer's General Conditions of Sale, which are available in the Auctioneer's office.

PEDIGREE CERTIFICATES Pedigree certificates relating to the sale will be available from the Auctioneer's office on the day of the sale. See note below with regard to Notified Males.

PEDIGREE STATUS FOR MALES

Would purchasers please note that there are two different status of registration for Charollais rams, Full Pedigree and Birth Notified. All full pedigree rams are marked as such in the catalogue and have been upgraded by the breeder, all other rams have notified status only.

SCRAPIE GENOTYPE RESULTS The Scrapie Genotype results listed in this catalogue are guaranteed to be correct by the person whose name appears as the Vendor in the catalogue. Whilst the Society will make all possible effort to provide purchasers with the correct information, they can in no way be held responsible for any error or omission of information.

INSPECTION - All entries will be subject to an inspection by the NSA inspectors.

NSA BALLOT SYSTEM

The sale ballot is carried out by the NSA in accordance with their rotation system. The 2022 vendors brought forward from 2019 will be divided into three sections. The last third will be moved to the front, the middle section to the end & the first 1/3 will move to the middle where they will be subject to a ballot. The other two sections will remain in their previous year's order. With this system vendors will only change order every third year & with balloting the middle section no-one should find themselves unfairly balloted. New vendors will be placed at the beginning & end of the ring, as happened previously.

FERTILITY GUARANTEES - RAMS & RAM LAMBS

(i) All rams and ram lambs are warranted by the seller capable of natural and effective service within three calendar months from the date of the sale. If at the expiry (the male fertility guarantee period) the ram or ram lamb has failed to prove himself capable of natural and effective service and a veterinary surgeon's certificate is lodged within 14 days from the date of expiry of the male fertility guarantee period with the auctioneers specifying that the ram is so incapable and further that the veterinary surgeon has inspected the buyer's breeding ewes and found them to be in normal responsible breeding condition and not in the aforementioned incapacity then the buyer may return the animal to the seller.

(ii) The animal shall be deemed incapable of natural and effective service if it fails to make at least one ewe pregnant during the male guarantee period under natural breeding conditions and is so certified as being incapable by veterinary surgeons certificate aforementioned. The Society recommends that the veterinary surgeon follows the "Guidelines on the examination of rams for breeding" and also the "SVS Examination Certificate" as issued by the sheep Veterinary Society.

(iii) The buyer shall during the male guarantee period give the animal full and sufficient opportunity to prove that he is capable of natural and effective service.

(iv) Ewes which have been "sponged" and or treated with hormone treatment to induce or synchronise ovulation shall not for the purpose of this guarantee be "in normal condition".
