# DUNGANNON PREMIER

It's that time of the year again, for our Northern Ireland flagship sale at Dungannon Mart and what an entry we have for you. A excellent selection of rams, ram lambs and ewe lambs from the best flocks in NI.

Inspection and show classes will all be on Monday morning and we welcome Jim Neil from Kelso to judge the classes.

This is a **FULL EXPORT SALE**; so all the sheep on offer can move direct on the day of the sale to any EU Country or to the UK Mainland. The NI Club will be happy to help you with transport. There is a trailer coming back to the North of England.

Northern Irish breeders guarantee you a warm welcome to their sale and hope you will be interested in the variation of different bloodlines and stock they have on offer.

The Live Bidding system will be running for you to view and buy from the comfort of your own home, if you are not able to get to the market. Please make sure you have registered with Dungannon at least 24 hours before the sale. See inside back cover for details.

**Any queries about the sale or the breed then please contact the BCSS office or NI Club officers**

All full pedigree rams are marked as such in the catalogue and have been upgraded by the breeder, all other rams have notified status only. If full pedigree status is required then a fee of £20.00 plus VAT is payable to the Society.

**SEMEN** - Ownership of all semen rights shall be deemed to pass to the new owner. The vendor of a ram may elect to retain semen for their own use or for sale to a third party if this is stated in the sale catalogue and re-iterated by the auctioneer at the time of sale.

**AWARDS** - No prizes, rosettes or cards from any other shows to be displayed.

**CONDITIONS OF ENTRY/INSPECTION** - The inspection panel shall consider the points listed below. The Society's inspector is empowered to disbar any animal from the sale which does not comply with any of the matters contained in clauses 1 - 7. The inspector's decision shall be final and binding to all concerned and neither the inspector, the Society, nor the Auctioneers shall be liable to the owner of such animals or any other person or company for damage or for any loss arising out of such rejection.

- There is no abnormal deviation in the structure of feet and/or legs.
- Ewes shall be sound in udder.

**Inspection is a condition of entry of the Society and compliance with this inspection shall in no way form a guarantee to the purchaser of the animals so inspected.**

### **FERTILITY GUARANTEES - RAMS & RAM LAMBS**

(i) All rams and ram lambs are warranted by the seller capable of natural and effective service within three calendar months from the date of the sale. If at the expiry (the male fertility guarantee period) the ram or ram lamb has failed to prove himself capable of natural and effective service and a veterinary surgeon's certificate is lodged within 14 days from the date of expiry of the male fertility guarantee period with the auctioneers specifying that the ram is so incapable and further that the veterinary surgeon has inspected the buyer's breeding ewes and found them to be in normal responsible breeding condition and not in the aforementioned incapacity then the buyer may return the animal to the seller.

(ii) The animal shall be deemed incapable of natural and effective service if it fails to make at least one ewe pregnant during the male guarantee period under natural breeding conditions and is so certified as being incapable by veterinary surgeons certificate aforementioned. The Society recommends that the veterinary surgeon follows the

“Guidelines on the examination of rams for breeding” and also the “SVS Examination Certificate” as issued by the Sheep Veterinary Society.

(iii) The buyer shall during the male guarantee period give the animal sufficient opportunity to prove that he is capable of natural and effective service.

(iv) Ewes which have been “sponged” and or treated with hormone treatment to induce or synchronise ovulation shall not for the purpose of this guarantee be “in normal condition”.

***Members and all those handling sheep are reminded of the need to act responsibly and with animal welfare in mind whenever handling sheep. With many Society events now being streamed live or filmed for later publication it is important that Society members take care to ensure they present a responsible and ethical image of the sheep industry at all times. Of particular note is the handling of sheep in show and sale rings and the use of crooks to display sheep in sale rings at major sales. The use of crooks is at the owner’s discretion, but should only be done to aid the movement of sheep around the sale ring and to showcase the animal. Excessive use of crooks to push or beat sheep is to be avoided***

# WIN A Heatwave Milk Warmer Worth £550

Shearwell  
Data

Livestock Systems

**WIN a Heatwave Milk Warmer worth £550.** This is a valuable asset for rearing orphan lambs. Heatwave Milk Warmer uses a heat exchange technology to heat the milk on demand instead of it always being warmed. This keeps the milk fresher for longer. You could feed up to 50 lambs. Easy to clean, needing just around 5 minutes once a day to keep in a good hygienic condition.
