(i) All rams and ram lambs are warranted by the seller capable of natural and effective service within three calendar months from the date of the sale. If at the expiry (the male fertility guarantee period) the ram or ram lamb has failed to prove himself capable of natural and effective service and a veterinary surgeon's certificate is lodged within 14 days from the date of expiry of the male fertility guarantee period with the auctioneers specifying that the ram is so incapable and further that the veterinary surgeon has inspected the buyer's breeding ewes and found them to be in normal responsible breeding condition and not in the aforementioned incapacity then the buyer may return the animal to the seller.

(ii) The animal shall be deemed incapable of natural and effective service if it fails to make at least one ewe pregnant during the male guarantee period under natural breeding conditions and is so certified as being incapable by veterinary surgeons certificate aforementioned. The Society recommends that the veterinary surgeon follows the "Guidelines on the examination of rams for breeding" and also the "SVS Examination Certificate" as issued by the sheep Veterinary Society.

(iii) The buyer shall during the male guarantee period give the animal full and sufficient opportunity to prove that he is capable of natural and effective service.

MRS CAROL IRWIN (BRANDYWELLS)

I was recently diagnosed with Parkinson's Disease which means I need to sell all of the ewes this year and the ewe lambs next. I culled all of the older ewes at weaning and am left with 6 of our best younger ewes and 4 shearlings from the best breeding families which I am sadly offering for sale.

They are all (including the shearlings at Lot 445-448) will have been running with Bincombe Admiral (details at time of sale). He is a strong, upstanding and well fleshed shearling – Lot 499.

These ewes have been selected for sale as their sisters have been retained in the flock. Four are sired by Boyo Vicious Sid who has bred very well for me, selling ram lambs to 2000gns and consistently producing big milky females. The other is by the 10,000gns Loanhead Washington. All 5 of these ewes have been served by my exciting new stock ram Robleston Budweiser and have continued to run with him up until the sale day.

I was recently diagnosed with Parkinson's Disease which means I need to sell all of the ewes this year and the ewe lambs next. I culled all of the older ewes at weaning and am left with 6 of our best younger ewes and 4 shearlings from the best breeding families which I am sadly offering for sale.

They are all (including the ewes at Lot 419-4245) will have been running with Bincombe Admiral (details at time of sale). He is a strong, upstanding and well fleshed shearling – Lot 499.

A stand out lamb from birth, 38kg at 8 weeks, possessing width length and power, possibly the best lamb I have produced, were it not for having his father and a small flock I would have used him. Grand sire of the 3800gns Carnew Warrior and from a ewe retained from my parents Nympton flock, who at 8 yrs old is still a lump of a ewe, with Rhaeadr Jethro and Carnew Kingpin breeding, both won numerous titles when shown.
