GWYNDY

Flock XPR

In the first week of September 2003 in the days when we still read newsprint publications like the Farmers Guardian we saw an advert for nineteen Charollais ewes for sale in north Wales . So we rang up to go and see them that day , jumped in the pick up with the box on and duly bought them, and they were the start of our involvement with the Charollais sheep breed.

A couple of weeks later a trip to Builth Wells to buy our first ram. Those were the days of all the different breeds in their respective long lines of tents. Atmosphere a plenty with Auctioneers working hard and buyers crowding the aisles and around the rings, always a great fun sale.

Anyway without knowing any breeders but knowing a decent sheep we happened to buy a Southam ram lamb from Lionel Organ for our first tup. The breed then was a very different style to that bred today, lighter boned and the easy lambing arrow shape more prevalent.

We have never been show people, really because as there was only me and Ros doing the work we just never had the time, with dairying and the commercial sheep as well. Over the years we have bought ewes and rams from many flocks and one of the great joys was on lambing them to see if your choice had turned out well. The odd hiccup later we think that we now breed a good solid well shaped consistent type .

Our main stock rams of late have been Boyo Vancouver and Robleston Vrondi . Vancouver was bought from Dave Roberts as a lamb and he has done very well siring prize winning stock in many flocks. Vrondi we bought as a yearling after being impressed with him on A.I. day and he has proved to be a good choice producing stylish quality stock .

We will be sorry to finish breeding pedigree Charollais stock but it's time now to slow down. We will miss all the friends we have made over the years and the support, advice and help they have freely given .

Diolch yn Fawr Thank you
