## General sale conditions

The sale is held under the auspices of the British Charollais Sheep Society and all sheep will be sold subject to the Rules and Conditions of the Society. Copies are available from the Society or Auctioneers and will be displayed at the sale. All sheep to be sold singly.

**All females** offered for sale are warranted not to be in lamb. Should the situation arise that a ewe proves to be in lamb at the time of the sale, then if within fourteen weeks after the day of the sale a female sheep warranted not in lamb as aforesaid proves to be in lamb and within sixteen weeks after the day of the sale the purchaser gives to the auctioneer's written notice supported by a certificate signed by a veterinary surgeon such female sheep has been proved to have been in lamb then if the sheep lambs naturally at a date which proves it to have been in lamb at the date of the sale either the purchaser may return the sheep and her lamb if any to the Vendor or at sole option of the Purchaser the Vendor shall pay to the purchaser as and for ascertained and agreed liquidation damages to cover all expenses depreciation in value and other damages whatsoever a sum equal to 25% of the purchase price of the sheep.

The sheep are from **Maedi Visna Accredited Flock** registered with the SAC Sheep & Goat Health Scheme.

The flock is also performance recorded with Signet Performance Recording Services.

**Pedigree certificates** will be available at the Auction Mart office following the sale. All sheep in the sale are Full Pedigree Registered.

The breeding information, comments and photographs for sheep in the catalogue have been supplied by the vendor.

While every effort has been made, the Society cannot be held responsible for any inaccuracies or omissions.

## Foreword

**Never did I think when Dad told me, 3 years ago that we were going to have a Ruby reduction sale to celebrate 40 years of the Dalby Flock, that I would be writing the foreword. So please bear with me throughout the catalogue, as this is completely new to all of us!**

The last two years have been a complete whirlwind. As many of you will know, Dad was diagnosed with cancer in early May 2024 and died just three months later.

This was a massive shock and, as you can imagine, turned our worlds upside down. But one thing for sure with farming, the work doesn't stop and the world keeps spinning.

There's been a lot of speculation over this sale, 'is it a dispersal?' The answer is, of course, NO! Charollais have always been a firm constant at Sandlands, shaping our sheep farming business and this is going to continue into the foreseeable future.

They were Charles' biggest pride and motivator. His knowledge of the breed was unbelievable. I've never known anything like it. Tell him any tag number in the flock and he could tell you all everything about it, including its back pedigree.

When Charles started performance recording, this is what led to the flock really taking shape. His obsession over pedigrees tied into a fascination with putting proof on paper.

This evolved over time, and he really did manage to get the perfect blend. In more recent years, all of our successful show sheep all have figures to back them up.

Charles left a huge legacy within the breed, highlights including breeding two female record breaking ewes, Dalby Jezabelle and Dalby Tutti Frutti.

We as a family are incredibly proud of the sheep we have forward, every single one represents Charles' breeding ethos and we just hope we have turned them out well enough to honour him. It's a very sad sale as I do not want to sell any of the sheep but we want to honour Charles's wishes and hope this will help to give Helen the happy retirement she deserves!!

A big thank you to Clive and the team at McCartneys. Oliver Champman and everyone involved in the preparation of the sale.

Remember, this is the last time you will ever get the opportunity to buy Charles' carefully curated ewes!

### ***Grace & Helen Sercombe***

Please contact Grace on **07484 704076** for any information pre sale and for on farm viewings.

## Management

**All of our sheep have been bred with purpose, but always fundamentally have been bred to be productive without pampering. Performance recording has always allowed us to track our flocks productivity allowing us to select traits we wanted to build upon.**

Day to day the sheep at Sandlands have a hard life, running on marginal and very sheep sick ground, making them resilient and hard working. I know all the ewes will go on and thrive in there new homes.

We still believe in 'Plan- Protect-Prevent' and therefore we are on the Heptevac P+ system and vaccinate for Enzootic and Toxoplasmosis abortion. Fecal egg testing is now a routine part of our health plan at Sandlands only treating when required.

With the ever changing situation around Blue Tongue please follow our social medias for the latest update and get in touch with Grace. All ewes have been vaccinated. We will be doing everything in our power to accommodate buyers.

### Dalby Ceasar

Sired by Golden Promise and out of a flock favourite Dalby Angel Eyes. Charles chose to retain him and what a good choice that was, he has bred incredibly well for us and we are really pleased with his progeny.

### Dalby Veainu

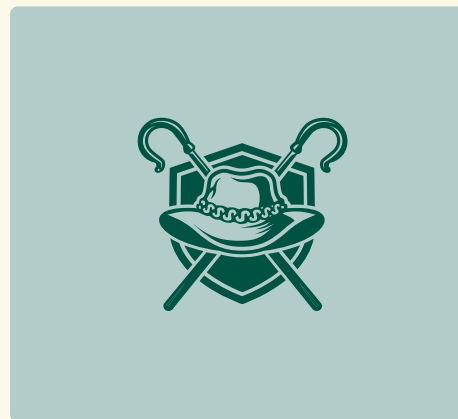

Originally sold to Dewi Evans, the Ffwrdd flock. We always knew this was a special ram he stood out right from a lamb with his distinctive tight crinkle coat and exceptional correctness. Charles did something he has done a few times and decided a year later to buy a half share back.

*(you will notice a theme of this happening, "Dalby Uzebelle & Dalby Tuilagi")*

### Edstaston Tulloch

Purchased privately from Robert & Janet Gregory. He was our pick of the 'Shockin' sons, standing out for his power and width. Also having excellent performance figures.

### Foulrice Apache & Foulrice Ace

Apache and Ace purchased privately together from Charles Marwood. Both having exceptional figures and we have been extremely pleased with their progeny. Producing interbred winning sheep to highlight.

### Boyo Commander

Purchased jointly with Edstaston flock Commander was bought for his superb top and clean fleshing. Without having any figures this was a gamble, however as the Dalby girls are so tried and tested they have brought his progenies indexes right up. This just proves the impact our ewes have.

### Edstaston Catch Me If You Can

Purchased at Carlise in 2024 for 3,000gns, ranking the highest index ram lamb in the breed. His breeding also attracted Charles to him as the grandfather theory has definitely been in full swing when it comes to his offspring. As I must admit at first I was sceptical about Charles's purchase, but the proof really is in the pudding and his lambs have been second to none.

# Show ring highlights

Showing has always been a highlight of our summer and unfortunately the last two years we have had disrupted show seasons.

However, highlights include picking up Interbreed Champion and Reserve Breed Champion Ashby Show 2025, Reserve Interbreed Champion Lincolnshire Show 2025, Breed Champion Yorkshire show 2024, Interbreed Champion Lincolnshire Show 2024.

I believe there are some serious show winners included in this sale!

# Performance recording

With Charles starting recording in 1990 it has always been at the fore front of the decisions made, whether planning matings, sorting culls or deciding which rams to use.

Charles always aimed to increase growth, increase muscle and get positive fat levels all while still producing sheep that have substance, correctness and balanced power with flare.

The flock has been very successful on rankings and just last year had 7 out of the top ten ranked lambs in the breed for 2025. Charles was very calculated with breeding choices and this has really been rewarded.

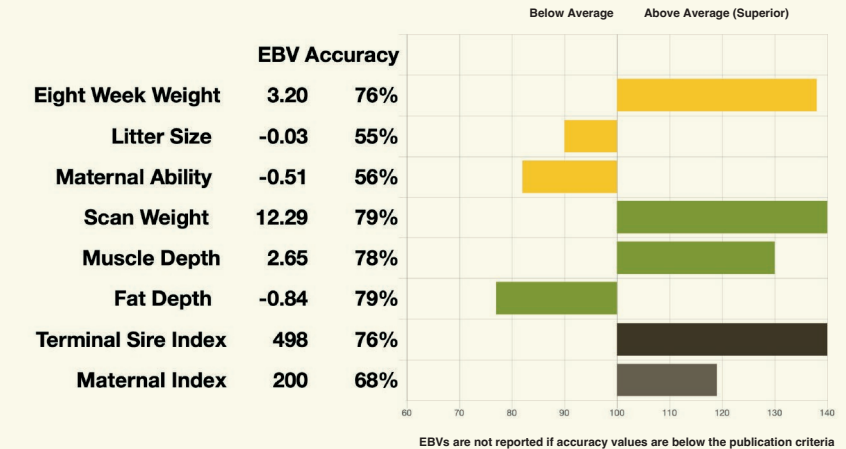

## CHAROLLAIS BREED BENCHMARK 2026

	Breed Average	Top 25%	Top 10%	Top 5%	Top 1%
Eight Week Weight	0.72	1.26	1.75	2.04	2.58
Scan Weight	2.58	4.07	5.41	6.22	7.72
Muscle Depth	0.61	1.16	1.66	1.96	2.52
Fat Depth	-0.16	0.07	0.28	0.40	0.63
Gigot	0.91	1.61	2.23	2.60	3.31
Terminal Sire Index	190	238	282	308	357

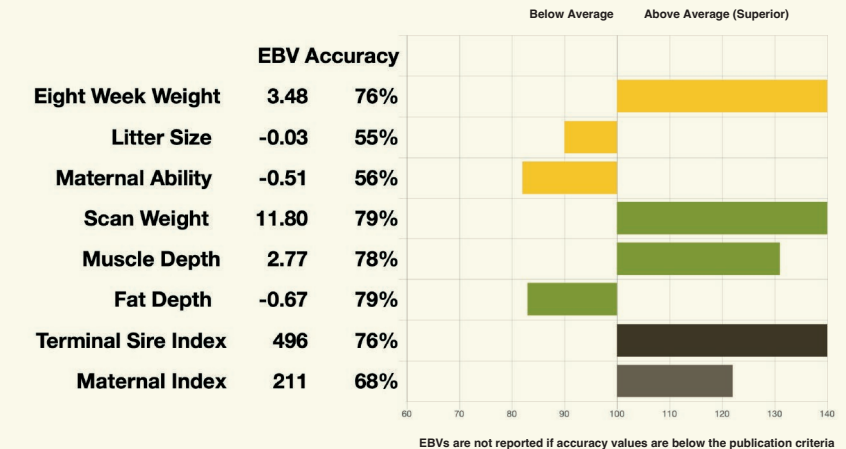

EBV	A brief explanation
Eight Week Weight	The breeding potential for lamb growth rates from birth to 8 weeks of age.
Scan Weight	Choosing animals with high figures for this trait will increase mature size.
Muscle depth	Choosing animals with high muscle depth EBVs will increase lamb muscularity and hence the lean meat content of the carcase.
Fat Depth	Negative values indicate animals with lower fat content which will produce leaner carcases or which can be taken to higher weights without becoming over-fat.
Gigot	Breeding value highlighting animals with superior breeding potential for gigot shape
Index	Highlights superior breeding stock

Dalby Rhapsody as a shearing ewe

Dalby Rhapsody & Tutti Fruitti

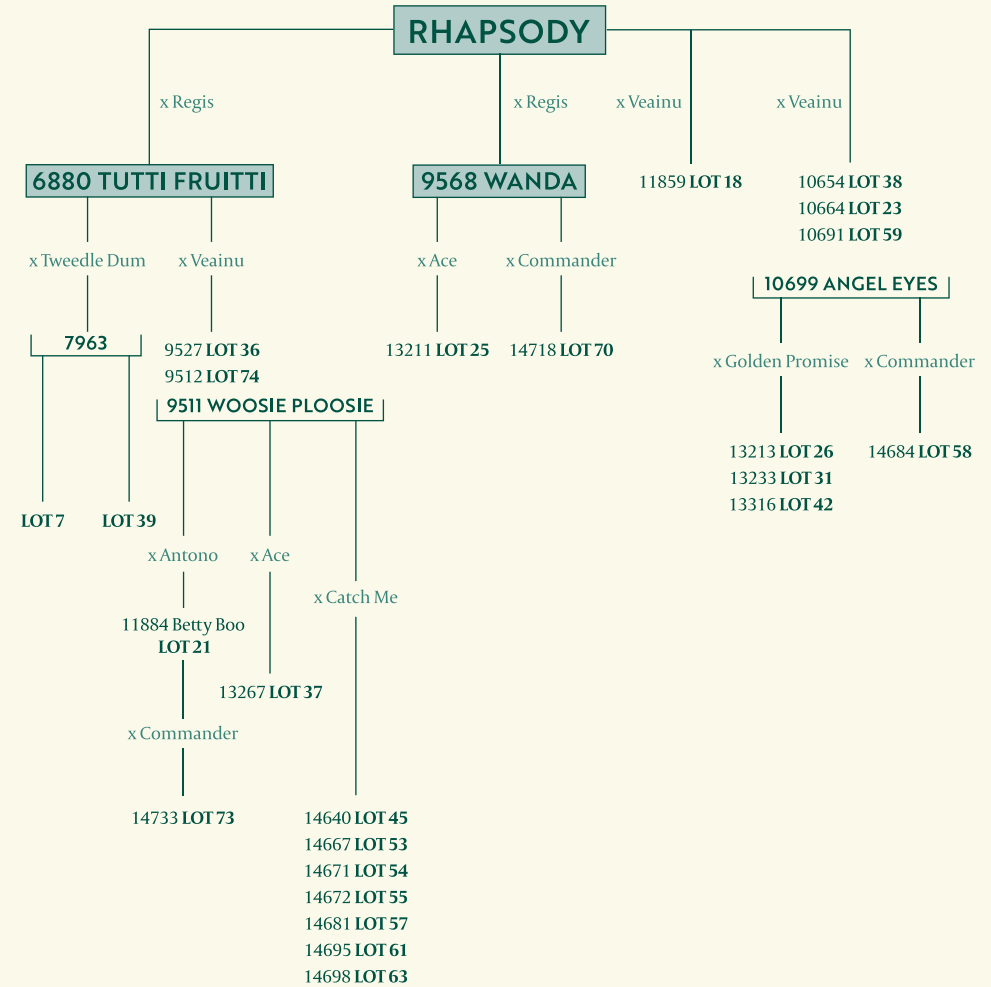

Dalby Rhapsody as an aged ewe

Probably one of the most iconic sheep the Dalby flock has produced and undoubtedly she has the best breeding ewe we have ever had. Consistently breeding power with perfectly balanced femininity in her females. Always whilst having high performance figures to back them up. Her offspring speaks for itself. Including the record breaking Tutti Fruitti selling for 12,500gns in 2021.

Victoria has put together a family tree to hopefully simplify and make clear the impact she has had!

# Golden Promise & Champagne

The Dalby flock has been fortunate enough to win lots of prestigious titles in it's 40 years. Probably the most notable being winning the Supreme Interbreed Champion at the Royal Welsh Show twice.

Rockvilla Golden Promise purchased jointly with Richard and Mary Tulloch, one of the best decisions Charles ever made. Golden Promise sired many interbreed winning sheep and numerous high priced and sale topping sheep including 7,000gns Dalby Jezabelle breaking the breed record at the time.

Dalby Champagne one of Charles' greatest breeding accolades! Winning numerous interbreed titles for her style, correctness and firm handling. Champagne also bred incredibly well including being the grand dam of Dalby Ingrid, a 2,300gns ewe lamb and the grand dam of Dalby Jezabelle.
