DUNGANNON PREMIER

It's that time of the year again, for our Northern Ireland flagship sale at Dungannon Mart and what an entry we have for you. A excellent selection of rams, ram lambs and ewe lambs from the best flocks in NI.

Inspection and show classes will all be on Monday morning and we welcome Tom Wales from the Thackwood Flock, Cumbria to judge the classes.

This is a **FULL EXPORT SALE**; so all the sheep on offer can move directly to the EU, GB Mainland and Ireland. However, movement to Scotland requires a PCR test within 7 days of movement. The NI members will normally help to organise transport from the market. We hope that there will be a trailer coming back to the North of England.

Northern Irish breeders guarantee you a warm welcome to their sale and hope you will be interested in the variation of different bloodlines and stock they have on offer.

The Live Bidding system will be running for you to view and buy from the comfort of your own home, if you are not able to get to the market. Please make sure you have registered with Dungannon at least 24 hours before the sale. See inside back cover for details.

Any queries about the sale or the breed then please contact the BCSS office or NI Club officers

GENERAL INFORMATION

DARD RESTRICTIONS All vehicles must be disinfected thoroughly before arrival at the market. This applies to both vendors and purchasers. Any vehicles not properly cleansed will not be allowed entry into the market.

MOVEMENT LICENCE This is an export sale. All vendors must have a veterinary service support certificate and an owner's declaration from their local DVO as well as the normal self written movement licence. These will be required for inspection on arrival at Dungannon Mart.

ARRIVAL Sheep may arrive from 7.00 am. Any prior arrangements can be made with Dungannon Mart.

INSPECTION All sheep will be inspected by the Society's Official Inspector before being allowed forward for sale. All sheep must have been paint branded with their lot number prior to inspection. Inspection will be from 7.00am-9.00 am

METHOD OF SALE All sheep will be sold in guineas.

CONDITIONS OF SALE All sheep will be sold subject to the Conditions of Sale of the British Charollais Sheep Society and to the Auctioneer's General Conditions of Sale, which are available in the Auctioneer's office.

PEDIGREE CERTIFICATES Pedigree certificates relating to the sale will be available from the Auctioneer's office on the day of the sale. All females in the sale are Full Pedigree Registered.

PEDIGREE STATUS FOR MALES There are two different status of registration for Charollais rams, Full Pedigree and Birth Notified. All full pedigree rams are marked in the catalogue and have been upgraded by the breeder, all other rams have notified status only. All rams need to be scrapie tested and dna profiled in order to be upgraded - those rams which have been dna profiled are marked as such in the catalogue. No pedigree certificates are issued for notified rams and these rams are not eligible for use within a pedigree flock until they are upgraded to full pedigree status. If full pedigree status is required then a fee of **£20.00 plus VAT** is payable by the vendor to the Society.

ERRORS OR OMMISIONS The Auctioneers and Society CAN ACCEPT NO RESPONSIBILITY for any errors or omissions printed in the catalogue

SCRAPIE GENOTYPE RESULTS The Scrapie Genotype results listed in this catalogue are guaranteed to be correct by the person whose name appears as the Vendor in the catalogue. Whilst the Society will make all possible effort to provide purchasers with the correct information, they can in no way be held responsible for any error or omission of information.

BRUCELLA OVIS

All males must be Brucella Ovis tested before coming to the sale.

STRAW

Would vendors please note that straw is NOT provided at Dungannon Mart - please bring your own.

EXPORT TO EU AND MAINLAND UK

All animals at this sale are eligible to move immediately to the EU and mainland Great Britain.

SUBSTITUTE ENTRIES - Substitute entries may be offered for sale. A separate catalogue listing these animals will be available on sale day. Any such sheep will be marked with a red dot next to their lot number.

METHOD AND ORDER OF SALE - All stock will be sold in guineas (105 pence) and strictly in catalogue order unless any alteration is announced by the auctioneers.

CONDITIONS OF SALE - The Sale is held subject to the Society's Auction Rules and Conditions of Sale and to the Auctioneer's General Conditions of Sale.

COMMISSIONS - The Auctioneers will faithfully execute commissions to purchase for buyers unable to attend the sale in person, upon receipt of instructions in writing delivered to their offices 48 hours in advance of the sale.

SETTLEMENT & CLEARANCE OF STOCK - All stock **MUST** be paid for on the day of the sale.

SEMEN - Ownership of all semen rights shall be deemed to pass to the new owner. The vendor of a ram may elect to retain semen for their own use or for sale to a third party if this is stated in the sale catalogue and re-iterated by the auctioneer at the time of sale.

AWARDS - No prizes, rosettes or cards from any other shows to be displayed.

CONDITIONS OF ENTRY/INSPECTION - The inspection panel shall consider the points listed below. The Society's inspector is empowered to disbar any animal from the sale which does not comply with any of the matters contained in clauses 1 - 7. The inspector's decision shall be final and binding to all concerned and neither the inspector, the Society, nor the Auctioneers shall be liable to the owner of such animals or any other person or company for damage or for any loss arising out of such rejection.

- That the animal's identification is as required by legislation and the Society and corresponds to the ear number as entered for sale. Animals without the correct identification will be rejected from the sale.
- The animal is not suffering from any infectious or contagious disease.
- All rams must have two adequately sized testicles of approximately the same size and normal consistency.
- That the animal is of a quality commensurate with the level set by the Society and is of adequate weight for the age and shows no malformation in structure.
- The teeth are in the correct position. Account will be taken of the age of the animal.
- There is no abnormal deviation in the structure of feet and/or legs.
- Ewes shall be sound in udder.

Inspection is a condition of entry of the Society and compliance with this inspection shall in no way form a guarantee to the purchaser of the animals so inspected.

FERTILITY GUARANTEES - RAMS & RAM LAMBS

(i) All rams and ram lambs are warranted by the seller capable of natural and effective service within three calendar months from the date of the sale. If at the expiry (the male fertility guarantee period) the ram or ram lamb has failed to prove himself capable of natural and effective service and a veterinary surgeon's certificate is lodged within 14 days from the date of expiry of the male fertility guarantee period with the auctioneers specifying that the ram is so incapable and further that the veterinary surgeon has inspected the buyer's breeding ewes and found them to be in normal responsible breeding condition and not in the aforementioned incapacity then the buyer may return the animal to the seller.

(ii) The animal shall be deemed incapable of natural and effective service if it fails to make at least one ewe pregnant during the male guarantee period under natural breeding conditions and is so certified as being incapable by veterinary surgeons certificate aforementioned. The Society recommends that the veterinary surgeon follows the

“Guidelines on the examination of rams for breeding” and also the “SVS Examination Certificate” as issued by the Sheep Veterinary Society.

(iii) The buyer shall during the male guarantee period give the animal sufficient opportunity to prove that he is capable of natural and effective service.

(iv) Ewes which have been “sponged” and or treated with hormone treatment to induce or synchronise ovulation shall not for the purpose of this guarantee be “in normal condition”.

Members and all those handling sheep are reminded of the need to act responsibly and with animal welfare in mind whenever handling sheep. With many Society events now being streamed live or filmed for later publication it is important that Society members take care to ensure they present a responsible and ethical image of the sheep industry at all times. Of particular note is the handling of sheep in show and sale rings and the use of crooks to display sheep in sale rings at major sales. The use of crooks is at the owner’s discretion, but should only be done to aid the movement of sheep around the sale ring and to showcase the animal. Excessive use of crooks to push or beat sheep is to be avoided

MR S PARR (GOSFORD PEDIGREES)

These rams have been bred and fed to go straight to work, using French Bloodlines to give the original traits that helped make the Charollais breed so successful. Sires used this year where Bohemian and Carlos both bred by the late Sidney Corbett. Bohemian is just pure muscle and size while Carlos would be smaller ram with spark and great conformation.
